I have a series of motorized Hunter Douglas blinds that were installed by Georgia Blinds and Interiors. They look great but two problems 1) the motors on them fail on a regular basis - I think every one has now been replaced, 2) the brackets keep snapping. I think the issue is a quality issue with HD and they provide parts ok - but the service fee is steep to keep them maintained.

I like that since it is an investment, they have the 45-day guarantee that if you didn't like something you could do something else. Not knowing how it will look on a grander scale, it was a nice guarantee.
