I was completely satisfied with the carpet from Levi's 4 Floors. They were so helpful in choosing the right carpet by looking at my paint colors and getting me samples.

My salesperson, Mike, was excellent. He was honest and timely. We had multiple contractors in our home at the same time. Levi's 4 Floors was by far the best. For this project we had Levi's install hardwood and carpet flooring. They did a great job. We plan on having Levi's install more carpet for us.

We were a little concerned at first. We had dealt with another company for a number of years and suddenly they were out of business. But we found Levi's 4 Floors and the staff professional and very helpful. We now have a new store for our floors.

I was very happy with everyone in the office. We had some concerns about our tile selection once we got the tile at the house. I had to go in to talk with the people at the office about it a few times. It was something that was 100 percent our responsibility, but they were extremely helpful and willing to do some things to help us out. I really appreciated that.

Anything I've called to ask about they go the extra mile to make it even better. They very much want the customer to be satisfied. I could have gotten it cheaper, to be honest, but I chose not to because of the way Levi's 4 Floors handles their customers. It is the bigger picture. They are the long term company. They don't sell you the carpet then disappear, they make sure you are satisfied for several years to come.

Overall my experience was very good. When I told them there was a problem, they came out right away and tried to fix it. They couldn't fix it, but Mr. Levi suggested giving it a month or two and it would straighten itself out or he would fix it. Other than that, they did a beautiful job.

Scott, our salesman, met our needs. The crew was timely and did a great job. They even vacuumed up after themselves when they were done with the installation.

This is our second purchase of flooring in less than five months due to selling our house and buying a new one. Our last purchase was carpet, laminate and vinyl and this purchase was carpet only. We went to Levis on the recommendations of our neighbors, and I would not purchase elsewhere. Highly recommend!

We're extremely happy with the entire process. Shortly after the installation, our dog chewed a pen and got ink in the middle of the living room carpet. The carpet cleaning professional did a remarkable job of getting out the stain. Highly recommended in all fronts.
