The business name Sky Pro & Painting and Designed” does not describe the breadth of the company. The workers have many skills beyond painting. I used Skyy to renovate a townhouse top to bottom. The job entailed exterior wood repairs which required the removal of an exterior wall and rebuilding it from insulation to the professional finish work. As my newly purchased home was in poor shape. Skyy repaired and repainted the entire interior. Whenever I asked for design help, Skyy and her team presented numerous design proposals that were wonderful for my home. Sky renovated bathrooms, bedrooms and a great room with a 20 foot cathedral ceiling. When ever Skyy saw a possible or actual problem, she would explain my options to me so we could set a time line. Skyy is always on time and her crew work cleans up any refuge from the work. All of Skyy’s Invoices are detailed and the cost is below the local area. When I first sent an email to Skyy inquiring of her services, she called back in minutes. This relationship works perfectly for me.
