They were fantastic. They did everything faster than expected. They got there 2 weeks before scheduled time, which was even better.

They were a great company to work with. They were all very friendly. It was a pleasure and it didn't feel like you were being invaded. It was overall a great experience.

They were actually very good. My neighbor used them and she highly recommended them to me. I talked to four other roofers and they came up with an in-between price which was good. The only minor problem was there was a bad rain storm and it washed a lot of nails into the driveway. I called them and they were out that same day and cleaned up. They did a good job.

I think they did a professional job. Everybody was on time, pleasant, and they got things done. The work was carefully inspected. The guys on the roof really got things done. Construction is hard work, but they did a good job.
