The work on our bathroom expansion and remodel as top-notch. All of the subcontractors were skilled, professional, and kind. Core responded to all concerns and worked until every aspect of the job was exactly as we wanted. We absolutely love our new bathroom along with the remodeled study and baby room that Core also worked on. The job did take more time than expected, but that was mainly because we asked for additional work to be done and because there were some aspects of the job that Core kept working on until they were exactly the way we wanted. I highly recommend this company.

We wanted to create an in-law in our basement. We reached out to a few remodeling companies and went with CORE because of Corey's (Owner) knowledge and suggestions on how best to layout the in-law. He also provided a quote similar to other remodeling companies so we knew we were getting fair value for our money. All of the contractors and sub contractors were knowledgeable, pleasant and professional. All work was high end and high quality. The project went a couple of weeks over but it wasn't intentional. The end product was a beautifully done in-law - we could not be happier.

The job that they did for me was the smoothest contracting job that I have ever had the experience to work with. They did what they said they would do, when they said they would do it, for the price they said they were going to charge. The final product exceeded my expectations for design and quality.

This is just a great company to deal with. The quality of the employees, their reliability, and the outstanding finish work speaks volumes about how the business is run. No remodeling project goes perfectly smooth, but they tackle the issues with ease and involve the customer at every step. This is a group of neat, courteous, experienced professionals you will want to use over and over.

We had a very good experience from beginning to end. Our bathroom remodel exceeds our expectations; it's exactly what we wanted. The guys were professional and thorough, and we were always kept up-to-date with what was happening regarding materials, scheduling, etc. We, honestly, couldn't be happier with choosing CORE Remodeling and would absolutely use them again.

Our kitchen/dining room renovations would not be what it is today if it hadn't have been for the CORE Remodeling group. They were extraordinarily creative in helping design it and the quality of the material is phenomenal, we are thrilled.

Comment from CORE Remodeling Services, Inc.
Thank you both so much for such a great review. We all really enjoyed getting to know you. You are fantastic people and we will be here if you ever need our help. Sincerely, Corey and the entire CORE Team.

Core Remodeling was my first choice for a bathroom renovation. I knew what I wanted ... alas, I am a procrastinator but Corey kept us right on schedule making sure that we had submitted our ideas and choices in a timely manner. He always called, texted and emailed us very quickly if we had questions and concerns. And he always had the right advice and answers. His team, suppliers and contractors were helpful and topnotch. He gave us plenty of ideas in many price ranges so that we could compare price and quality. We even asked for a few extras (a new closet) along the way and were accommodated immediately. The bathroom is JUST what we wanted. A great group of professionals that treated my house like they would their own. A great renovation from start to finish. Can't say enough about this company.

Jun 08, 2016

I had water damage from snow on my roof and had to file an insurance claim. After the adjuster surveyed the damage and sent me his report with the amount of money I would receive to repair the damage, I asked Corey to give me an estimate of the work that needed to be done. I showed him the adjusters report and he told me that insurance companies often low-ball you on the money they will pay for repairs (something that I did not know). I sent Corey's estimate to the insurance company and they sent out another adjuster. Corey was there while the second adjuster surveyed the damage and Corey was able to talk through the damage with him. Thanks to Corey's help, I was able to get \$5000 more from the insurance company to get the work done properly. The work was done well by Corey's team and he checked in with me every step of the way to make sure that I was happy with everything. This is totally professional outfit and I am completely happy with my decision to use his company to do the work.

I have used CORE on a few projects and am very satisfied with them as my "Go To" home contractor. They don't try to oversell me, keep me in the loop at all times and don't consider the job complete unless I'm 100% satisfied. I have found a partner I can trust.

Comment from CORE Remodeling Services, Inc.
Thanks for the great review Steve! We really appreciate your business. Corey
