This is the second time we used Fresh Coat Painters for our project. Another success! From the start Bill took his time to give his expertise in picking out colors for our living room, kitchen, and hallway. He is extremely kind and professional. The job was done to perfection and timely. Would not hesitate to recommend them or use for our next project.

Fresh Coat painted my garage that I turned into a man cave. From the start I knew I picked the right painters, Bill was very responsive and gave me an estimate within hours of calling. The price was fair and the workmanship was outstanding. Will use again for sure!

The owner cares about the service he offers. This staff has been to my staff several times. Each time they were helpful, polite and accomodating. They left my house clean and in good order. The paint is high end and wears very well. The owner, Mr. Theologus "checked in" with me during the process to make sure I was happy. Yes, I am very happy with Fresh Coast.

This team is amazing and we are so pleased with the final product and have received several compliments from visitors at how good the walls and railing look. Bill is not only extremely professional and accommodating, he is a genuinely nice person and such a pleasure to work with. Tremendous value for the price and excellent quality of work. Highly recommend.

Bill and his crew were amazing! They are highly professional and their attention to detail transformed my house ahead of schedule. Bill is extremely knowledgeable about the types of paint to use in different rooms and answered all my questions. His crew took great care in my home, as if it was their own! I highly, highly recommend Fresh Coat of Columbia!

He was very respectful of our property, and he did it in a timely fashion. The owner who gave the estimate was very professional, and was in and out a few times keeping an eye on the crew. The guys who did the work were very professional too--other than the paint on the couple of doors, they were fine. They fixed in immediately, and they were good to work with.

100% - This is the best company I have ever dealt with. Just bought this house, had the "family" help but need a pro. Bill went above and beyond, worked with us and helped us with every concern we had. We called him back to schedule the rest of the house after he finished the main area's. This company is top notch.

Fresh Coat Painters is a professional and top rate organization. Mr. Bill Theologus reviewed the estimate, explained the job including paint products, terms and timing with my husband and me. He was nice enough to come and let us compare paint patches on our wall. His staff came at the exact time, as promised, and did a great job. After they left, the only thing that remained was a great paint job. We are delighted with Bill and his staff. We look forward to them painting our family room. Thank you so much!!!

I used Fresh Coat painters to paint my newly built house. The painted the entire interior and did a fabulous job. The paint job was so professional and they were very diligent to protect my new house. Bill was extremely helpful and responsive and the estimation process is very detailed and professional. I strongly recommend this company and will use them again in the future.

Nov 21, 2016

I selected Fresh Coat Columbia to out of several companies I contacted for some trimwork and a few other tasks at my residence because Billl was organized, responsive, enthusiastic, and showed strong attention to detail during the estimate process. These characteristics continued to show through in the completion of the job. He and his crew were very pleasant to work with, and I would hire him again and recommend him to my friends.
