Aug 06, 2022

I have found them to be an excellent choice and I'm very happy I chose them.

REVIEW

Tony S.
Rockaway, NJ
Jul 26, 2022

For the size of the project we had it was done relatively quickly. Even with the delays with Covid they were still able to dedicate resources to get it done timely. The finished project came out better than we anticipated. I would not change a single thing about the way it came out.

George Keller & Son helped turn our run down shabby garage into a beautiful second building for our property! Neighbours have literally been stopping when driving by to let us know how great they think our new siding looks. Everyone asks which company did this? We cannot recommend George Keller & Son enough... lovely workmen and great workmanship!

★★★★★

Brendan, our salesman, was straightforward and spent a lot of time with us helping to choose our materials, color, etc. The project manager and entire crew were excellent. They worked quickly and safely. As with any construction project, there were a few bumps along the way, but George J Keller addressed these promptly and professionally. We are extremely happy with the outcome and have gotten so many compliments from neighbors.

Watchung, NJ
Feb 17, 2016
★★★★★

We did 2 projects with George Keller and Sons. The 1st was a new roof and the second was a large project involving removing the entire exterior and replacing with HardiePlank. We worked primarily with Dan Keller who was extremely professional and knowledgeable throughout the entire process. We felt his pricing was very fair and even with several changes and issues that arose during the project, everything went quite smoothly. His crew was always courteous and professional. I highly recommend them as an honest and professional home improvement company and would not hesitate to use them in the future should the need arise.

Jan 29, 2016

The only negative I had was that after the crew left, some of the detail work wasn't completed. For example, the control for the skylight had not been installed, so I had to do that myself.
